RE: Problem with the liver meds & a nurse also

06-209

I write to let you know that again they are playing with my life, now I can't take the meds for my liver because it make me sicker, so I'm in pain with no help. is that human? even a nurse give me a shot without the Dr knowing about it, who is she to do that! This nurse michel wood I wrote her up because she try to make me fill a Rehusc, when she dont know what's going on.

so now there is no meds to help me just let me die. Please can someone please help me this pain is unreal to go through, I stay in bed; i hant to walk or eat, I pray that someone here my cry for help before its to late, well it may be to late, but my Faith keeps me going & pray to at last be out in Die around people I love. to the Game God Bless You
